

TARIQ RASHEED

Web Developer

03193918308 | tariq.official1712@gmail.com | www.linkedin.com/in/tariq-1712Tr

SUMMARY:

A junior full-stack developer who enjoys building web applications using modern technologies. I have experience with the MERN stack and have worked on both personal projects and professional tools during my internship. I'm eager to join a team where I can contribute and continue learning.

WORK EXPERIENCE:

IWS Solutions.

Web Developer Internship | 04 February, 2025 – 12 Sep, 2025

- Built a Bulk Product Editor with import/export, inline editing, and bulk updates.
- Worked on a Hotel Booking Web App, adding booking flows and admin dashboards.
- Designed modern, responsive UIs with React, Tailwind CSS, and ShadCN UI.
- Gained hands-on experience with MySQL, APIs, and full-stack development.

PROJECTS:

Crypto Prediction App

- Full-stack app where users predict cryptocurrency price movements.
- Integrated Google AI to generate clear market summaries from user predictions.
- Built backend service to automatically check and update prediction results.
- Created a responsive, dark-mode UI using React and Tailwind CSS.

Hotel Booking Platform

- Full-stack booking website inspired by OYO.
- Implemented room search, filtering, and secure user authentication.
- Developed a booking system with check-in/check-out functionality.
- Built an admin dashboard for managing rooms and viewing bookings.

Bulk Product Editor (Internship Project)

- MERN-based admin tool to edit large product catalogs in one place.
- Features include import/export, inline editing, and bulk actions (price/category updates).
- Responsive interface built with React, Tailwind CSS, and ShadCN UI components.

SKILLS:

- **Languages:** JavaScript (ES6+), HTML5, CSS3
- **Frontend:** React.js, Tailwind CSS, ShadCN UI, Vite, Framer Motion
- **Backend:** Node.js, Express.js, Socket.io
- **Database:** MongoDB, MySQL
- **Tools & Practices:** Git, GitHub, RESTful APIs, JWT Authentication, Postman

DIPLOMA:

WEB DEVELOPMENT – COMPUTER COLLEGIATE
Diploma in Frontend Development
